

S T A T U T E

OF THE BOHUSLAV CAMEL MEDAL

The Earth Science Institute of the Slovak Academy of Sciences in an effort to appreciate

1. Outstanding scientific contributions to research in geosciences
2. Promotion of development of geosciences at the Earth Science Institute, Slovak Academy of Sciences

presents

the Bohuslav Cambel Medal

The medal was designed and sculpted by Natalia Šomráková from the Art Atelier of Kremnica Mint.

The academic Bohuslav Cambel was the director of the Geological Institute of the Slovak Academy of Sciences, and of the former Geological Laboratory, in 1963-1989. He transformed the Geological Laboratory into the prestigious Geological Institute using human resources, supporting young researchers, establishing modern analytical laboratories, and forcing innovative methods of research. He established the workplace in Banská Bystrica in order to develop geology of mineral deposits.

Article 1: Recital

1. The Bohuslav Cambel Medal (hereinafter medal) is awarded as a special acknowledgement for outstanding scientific performance in geosciences.
2. The Medal is awarded for the significant contribution to development of geoscience at the Earth Science Institute.

Article 2: Proposal and approval

1. The proposal for awarding a candidate is delivered to the chair of the Scientific Board of the Earth Science Institute.
2. The proposal explains scientific achievements of the candidate.
3. The Medal is approved by the Scientific Board and by the director and vicedirectors of the Earth Science Institute.

Article 3: Presentation of the Medal

The Medal presents the director of the Earth Science Institute or by the chair of the Scientific Board. The Medal is not connected with a financial reward.

Article 4: Final statement

The statute of the Bohuslav Cambel Medal was approved by the Scientific Board 17/06/2013.

RNDr. Marian Janák, DrSc.

Chairman of Scientific Board ÚVZ SAV

RNDr. Igor Broska, DrSc.

Director of ÚVZ SAV
